The Society for Medicines Research

SPONSORSHIP OPPORTUNITIES FOR FACE-TO-FACE MEETINGS

The Society organises four high quality, one-day scientific meetings each year focused on the discovery and development of new medicines. The meetings are usually held in Central London although we also regularly hold meetings at pharmaceutical companies and other suitable locations across the UK.

At least one meeting is devoted to a therapeutic area and another to medicinal chemistry. The others cover the widest possible aspects of Drug Discovery. The symposia are recognised for their high quality and value for money.

The symposia regularly attract a national audience of 70 to 140 delegates that have knowledge of a wide range of disciplines related to drug discovery and early development (medicinal chemistry, biology, pharmacology, DMPK, etc).

The SMR operates 3 tiers of sponsorship for F2F meetings as follows:
